

## WHITEPAPER

RESISTER Token represents a pioneering step forward in the intersection of blockchain technology and narrative-driven media. Adopting the ERC-20 token standard while applying features from ERC-721, ERC-5773, and other innovative token standards in the future serves as the catalyst of our decentralized entertainment franchise. At the heart of the "It Remains" universe, the RESISTER Token is designed to deepen audience engagement and ownership over the story's development and its vast array of digital assets.

"It Remains" is a decentralized media franchise that spans books, TV series, featured films, games, augmented reality, and digital collectibles, situated in a beyond dystopian world. The franchise is noted for its unique storytelling, environmental activism, and innovative audience participation model, where VIEWERS are turned into PARTICIPANTS. The story unfolds in a multitude of immersive phygital products, merging the physical and digital realms into interactive cross-media experiences.

The It Remains Immersive Experience World Tour has been recognized as a global arts-and-tech entertainment event, with premiers in DUBAI, DAVOS, the EIFFEL TOWER, LA, ART BASEL MIAMI, and others.

## RESISTER: THE TOKEN

Adopting the ERC-20 standard is a strategic move to enhance inclusivity and engagement within the "It Remains" universe. The tokens empower a decentralized community of creators, readers, and collectors to influence the evolution of this multi-media narrative universe directly. The utility ownership allows for participation in community activities, gamified models, and voting on the future development of the It Remains franchise. These digital assets transcend the passive state of user experience, and grant holders co-creator's capabilities and rights.

## Features

The holders of the RESISTER token will be able to participate in:

**Governance:** RESISTER token holders can participate in decision-making processes, influencing the direction of the storyline, art creation, and new project developments.

RESISTER Token will facilitate the governance and IP creation via innovative token standards such as ERC-5773.

**Utility:** Serves as a medium of exchange within the ecosystem, enabling purchases, trades, and access to exclusive content, including AR experiences inside the It Remains Immersive Novel and other phygital products from the franchise.

**Incentivization:** Encourages creators and collectors to contribute to the ecosystem, fostering a vibrant and dynamic community rewarding early adopters.

## Tokenomics

The total supply of RESISTER is fixed at 1,000,000,000 tokens, ensuring scarcity and value preservation. The distribution is as follows:

RESISTER Token sales strategy is designed to maximize community participation and fund the ongoing development of the "It Remains" universe. The phased sales approach with long-term vesting allows for a broad distribution of tokens, while the allocation to the team, DAO, and partners ensures long-term commitment and support for the project.

## Entities and Names

### **Yellow Mouth Studios (YMS)**

Powered by both conventional channels and innovative mediums, YMS is here to revolutionize the old ways of content creation, consumption, promotion, and distribution.

### **We are the bridge between Hollywood Entertainment and the world of WEB 3.0**

Holding all intellectual property for the "It Remains" franchise, YMS is the creative and operational heart of this digital narrative universe.

### **It Remains - The Immersive Novel**

In a world devastated by war and pollution, "It Remains" explores a desolate future where survivors fight against the consuming Yellow Mouth lake. This story, focusing on resilience and the preservation of human culture, also highlights critical global issues like plastic pollution and homelessness.

### **It Remains DAO**

The DAO is a decentralized governance mechanism allowing token holders to guide the project's direction, from fund allocations to partnerships. It's open to all ecosystem token holders, ensuring community-driven development.

**RESISTER Token:** The primary utility token, RESISTER Token, enables participation in governance, transactions, and access to exclusive content, embodying the participatory essence of the "It Remains" ecosystem.

### **It Remains Legendary NFT Collection**

Launched in April 2022, the It Remains Legendary NFT Collection marks the inaugural, highly exclusive NFT drop from the decentralized, beyond-dystopian franchise "It Remains." Comprising unique one-of-one pieces, this collection is deeply intertwined with the narrative and the creation of the graphic novel, offering holders an unparalleled connection to the "It Remains" universe. Each piece in the Legendary Collection not only embodies a fragment of the story's essence but also serves as a cornerstone for the

broader ecosystem, linking art, story, and digital ownership in a novel and meaningful way.

## **Intellectual Property and Ownership**

The intellectual property (IP) of the "It Remains" universe, including all story elements, artwork, and related content, is the exclusive property of Yellow Mouth Studios (YMS). While the ERC-20 Token and NFT owners hold valuable stakes in the form of digital assets and participatory rights within the ecosystem, it is important to note that ownership of these ERC-20 tokens or NFTs does not grant the right to monetize or otherwise exploit the underlying IP, story, or artwork. YMS retains all commercial rights and privileges, ensuring the integrity and cohesive development of the "It Remains" universe across all mediums and platforms.

## **Compliance, Token Ownership Restrictions, and KYC**

In adherence to global regulatory standards and to ensure the integrity of our community and the security of our ecosystem, "It Remains" will implement stringent Know Your Customer (KYC) and Anti-Money Laundering (AML) checks for all investors participating in the Sale stages of the RESISTER Token. It is important to note that citizens and residents of the United States and other jurisdictions with restrictive regulations on cryptocurrencies and digital tokens, including but not limited to Iran, China, North Macedonia, Bangladesh, Nepal, Bolivia, Ecuador, Pakistan, Algeria and Morocco will not be eligible to participate in the RESISTER token sale. This decision is in strict compliance with international legal frameworks and is aimed at safeguarding the project and its participants from potential legal and financial risks associated with the varying regulations across different territories.

Participating in "It Remains" tokens and NFTs sales carries significant risk, including the possible loss of all funds. Before acquiring ERC-20 tokens or NFTs, consider your objectives and risk tolerance. The value of these digital assets is highly volatile, with no guarantees of future performance.

Your decision to acquire ERC-20 tokens or NFTs should be based solely on personal due diligence and understood risks. Yellow Mouth Studios (YMS) provides no warranties regarding the assets' value or stability.

Participants are responsible for complying with local laws and regulations. YMS is not responsible for any legal or financial outcomes related to participation in the "It Remains" ecosystem.
